

Wrap-Around Roller Polishing Attachment

PROSCO Inc. polishing attachment is an ergonomic and reliable solution for roller polishing and offers an alternative to the traditional hand polishing of rubber and urethane rollers.

- Improves consistency and quality of the finish
- Eliminates hand polishing and operator fatigue
- Easily mounts on a tool post of any lathe
- No electrical power needed
- Convenient adjustment of sandpaper tension with air cylinder
- Finish can be controlled by: sandpaper grit & tension, and lathe parameters
- Can be used for cleaning metal cores (after stripping rubber)
